介绍

- 测试介绍
- 请参考 \LaTeX 文件
- 数学公式 x_{100}
- 基于“山大红”颜色 <http://www.sdu.edu.cn/>

背景消息

Slides with \LaTeX

Beamer offers a lot of functions to create nice slides using \LaTeX .

The basis

内部使用以下主题

- split
- whale
- rounded
- orchid

The important things

- ① This just shows the effect of the style
- ② It is not a Beamer tutorial
- ③ Read the Beamer manual for more help
- ④ Contact me only concerning the style file

Analysis of the work

This style file gives your slides some nice Radboud branding.
When you know how to work with the Beamer package it is easy
to use. Just add:

```
\usepackage{ruc}
```

at the top of your file.

Conclusion

- Easy to use
- Good results
